The Byron-Bergen Junior Senior High School Advisory Committee was formed this year to allow for an exchange of opinions between administration, faculty, student, and PTA representatives. Topics to be discussed could be suggested by any member. This year guidelines for the new student dress code were suggested by this group. After much discussion a new eligibility policy was proposed. Recommendations by this committee will hopefully improve communication and help solve some of the school's problems.

JUNIOR MISSES

Byron-Bergen was well represented in the Genesee County Junior Miss Pageant by Misses Linda Wood and Paula Tidwell. They competed in physical fitness, evening gown, personal interview, and talent categories. Paula was elected most congenial by the other girls in the pageant. Congratulations to both for a fine showing for B. B. C. S.

NMSQT FINALIST

Joel Almquist was selected as a semi-finalist in the National Merit Scholarship Qualifying Test, making him the first student in Byron-Bergen's history to achieve this honor. Joel then went on to final competitions where he gained the added achievement of becoming a national finalist.

DAR GOOD CITIZEN

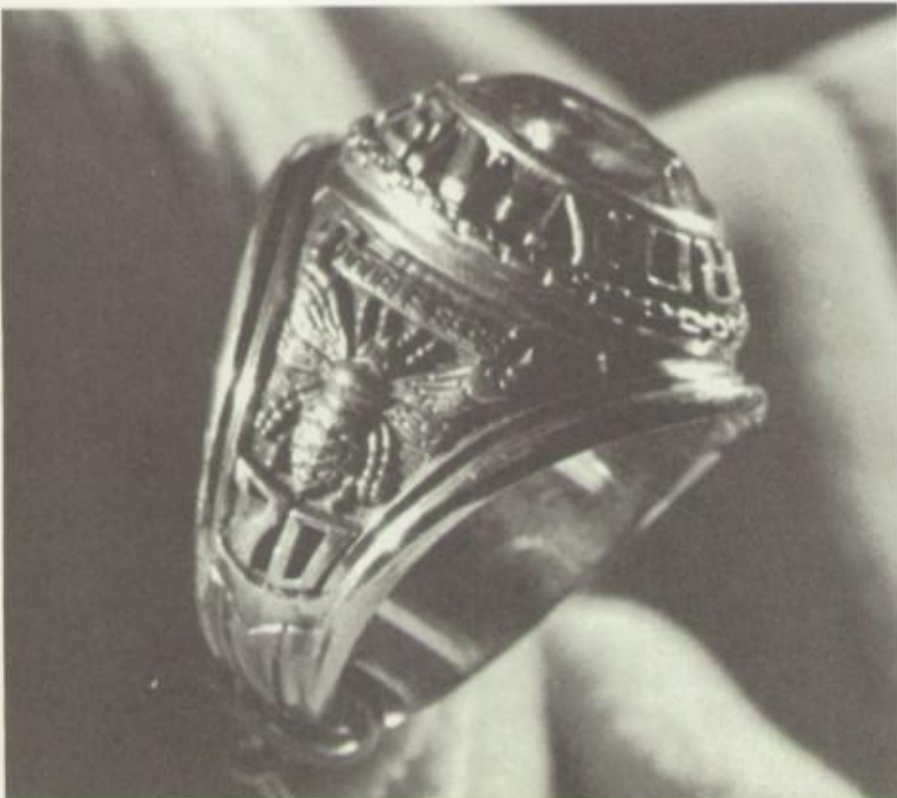

Teresa Kowalczyk was chosen Byron-Bergen's D.A.R. Good Citizen for 1970. The senior girls nominated the three girls they felt best exhibited the qualities of dependability, service, patriotism, and leadership. A faculty committee made the final selection from the nominees. Teresa then went on to compete for the D.A.R. county title.

THE STORY OF THE RING

Every year, traditionally, the Junior Class receives their class rings. In the past years the classes of BBCS have had a choice of many styles, usually square in shape, but the Class of '70 undertook the challenge to give Byron-Bergen a beautiful ring; one that would last down through the years.

A vote was taken in classes 7-11 to make sure that the idea of a traditional ring was accepted by the majority of students. It was and so the work began. A committee was formed to think of designs for the ring. Later two members of this committee and two members from each class from 7-11 submitted ideas to an artist from Jostens. Four drawings were created and placed on display in the main showcase for viewing by the students before a final vote was taken on the designs. The drawings consisted of two different symbols. All the students had a chance to voice their opinion and choose the designs of their choice. After the final choice was made, the Class of '70 ordered their rings. In June, after what seemed eternity, the rings arrived and they were really worth waiting for.

One side of the ring shows the symbol of the school: a bee. The other side shows some of the facets of learning of Byron-Bergen: Music, Science, Athletics, and Scholarship. Even though the styles are the same, each ring is different. There is a variety of more than twenty stone colors, to choose from and a choice between gold, silver, and white gold, so each person can be an individual. But the ring represents more than just an individual, it represents BBCS and a combined endeavor by the Class of '70 and the whole student body.

Mutual Admiration.

SENIOR ACTIVITIES

The Class of '70 has been busy earning money for their trip to New York City and their caps and gowns both last and especially this year. Last year as Juniors, the class sold pop and hot dogs at home baseball games and track meets and also during competition week-end which was held here.

This year the class presented two dances: "Whatever Turns You On" on September 26 and "Cupid Goes Wild" on February 14. They have also held paper drives at the end of each month, October thru December.

This year, the seniors took charge of the Rasbach picture sales and the pop sales during home basketball games. To help promote school spirit, they also sold Byron-Bergen mugs, coffee cups, and sweatshirts. A spaghetti supper sponsored by the senior class was a tremendous success and the class would like to give thanks to all the mothers whose work made the whole thing possible. The seniors would like to thank the Byron Kiwanis who held their meeting that night and bought their supper here.

January 13, the Class of '70 sponsored a KB Yo-Yo versus B-B Faculty basketball game. They would like to thank all the players, coaches, and referees who took part in this game and also all those persons who made all the money-raising activities successful ones.

THE

On November 27, 1967, the Board of Education made public their plans for the construction of a new elementary school. These plans were approved December 12, 1967. On February 2, 1970, the new school opened for almost 700 students, teachers, administrators and custodians.

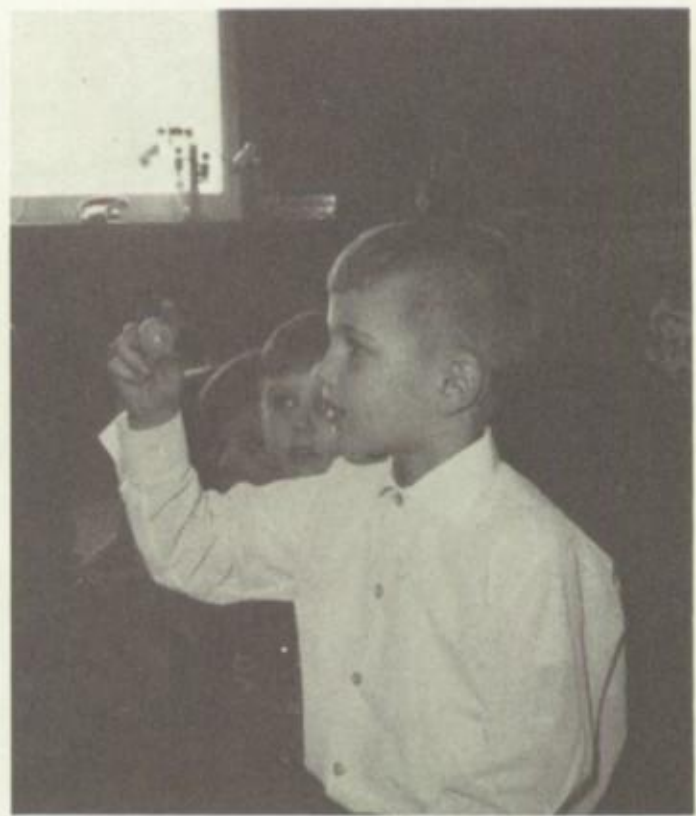

The new 31 classroom building is equipped with a library and an adjoining instructional resource center. In the same wing, there is also a cafetorium, a partitioned gymnasium, music rooms, and the administrative offices.

The two remaining wings contain the K-6 classrooms. Each two fifth and sixth grade rooms share a third room and a centrum, a small inner corridor which leads to the main hall.

This new building creates an ideal environment for the new teaching methods being used. Byron-Bergen is very lucky to have this building for its grade school.

This year was an active one for the Student Council, due in part to the enthusiastic support of the new administration. There has been an effort to increase the importance of the Council by giving it more voice in handling student affairs. This year, for the first time, the Council assumed the responsibility of scheduling events on the school calendar. It also established the present dance policy permitting sign-in guests. The newly formed assembly committee became responsible for providing assemblies. Through the successful magazine campaign, the Council was able to make funds available to many clubs and has helped finance such important activities as the SCOPE and the Jr.-Sr. Prom.

Something new appeared at Byron-Bergen this year. It was the Scope. For the first time, this school had a "real, live newspaper". This newspaper was written by the students for the students. Each month new ideas were tried. Some ideas were good, some were not so good. But more important, the Scope got students interested in their own school.

“WELCOME, JUDY . . .”

Byron-Bergen was lucky this year to have Judy Abanyizuri of Navrongo, Ghana, as our visiting AFS exchange student. Her American family was the family of Mr. and Mrs. Alton Arnold. Her sister was Deb, a member of the class of 1970. Judy added a lot of fun and life to our school this year. We hope Judy enjoyed being here as much as we enjoyed having her. We hope she returns to Ghana filled with fond memories and good stories of great times at Byron-Bergen.

“Merry Christmas, Jude!”

CHORUS LINE

"Something new and different" is the way the Starlets were described. The chorus line was started in the fall by Mr. Macone. The choreography was done by Karen Weber, a member of the Class of '70 and the costumes were made by Mrs. Grace Krenzer. The girls rehearsed Fridays from three to five and made their debut at the November 20th fall concert. The girls will never forget the "one kick, two kick . . ." from all the rehearsing. The Starlets were a great success and enjoyed by all.

Cheerleading—a memorable and exciting experience of arousing school spirit and representing Byron-Bergen Central School.

The Varsity cheerleaders are chosen in the spring and the JV's in the fall. This year the Varsity received new uniforms and were able to cheer at the soccer games. Eventually we hope that both squads can cheer for the soccer games as well as the basketball games.

PEP CLUB

Pep Club is a newly formed activity at Byron-Bergen this year. The large number of members from grades seven to twelve is indicative of the school spirit which has been generated all year long. Record crowds at basketball games and robust cheering from the stands, promoted by the club, have shown the enthusiasm which was truly a part of BBC in 1970.

A black and white photograph of a starry night sky. The sky is dark, and numerous stars of varying brightness are scattered across it. Some stars are very bright and have a distinct four-pointed diffraction pattern, while others are smaller and dimmer. The stars are distributed throughout the frame, with a slightly higher concentration in the lower-left area. At the bottom of the image, there is a quote in white text.

"one small step...one giant leap...??
